

Charlotte Fish Co.

“From our dock to your dinner table”

Charlotte Fish Company is a community-supported, sustainable fish market delivering fresh seafood from our dock to your dinner table!

Tim Griner, Rodney Roden and their colleagues provide quality, fresh local seafood unlike anything you will find in your local grocery store. All seafood is caught days and even hours before delivery to Charlotte, NC.

Their home port is Ocean Isle Marina. Each week they fish Brunswick Islands/Long Bay all the way up to North of Cape Hatteras to bring the finest, freshest fish to the Queen City.

Visit their website: www.charlottefishco.com – for details of weekly catches
