

## Peaceful Meadows Farm

Peaceful Meadows Farm was established in 1996 by Philip & Sheila Brooks and Jeremy and Laura Brooks. Three generations are now involved in producing sustainable, non-GMO-fed, 100% grass-fed and finished beef, pasture-raised pork, free range chicken and eggs. Free-range turkeys will be available for Thanksgiving 2021. Their animals are raised from birth to harvest on their farm, are chemical- and antibiotic-free, in addition to enjoying pesticide- and herbicide-free pastures. All their meats are processed in a USDA animal welfare approved facility. Although not USDA-certified organic, they strive to be good stewards of the land by using only organic practices to provide clean, healthy food. You can look forward to their spring and summer harvests, including blueberries, blackberries, figs, summer vegetables and zinnias.
