

Cairn Coffee Roasters

Blaine and Leah Freeman have been privileged to live in several locations across the country. They raised their two children in the Pacific Northwest and learned to enjoy high-quality craft coffee, beer and wine. Blaine also is well travelled throughout Europe, the Middle East and the United States where he was introduced to coffee that was brewed and served differently than his experience growing up in Pennsylvania. The Freemans moved to Concord, NC in 2012 and after learning to roast their own coffee at home decided to open a small-batch coffee roastery in 2020. Cairn Coffee Roasters sources high-grade beans through importers who are fair and responsible when purchasing from farmers. They are certified through Fair Trade USA and believe in business practices that benefit all communities involved in the process. When you purchase one of their roasts you can be assured of a flavorful cup of coffee, that the farm and community that produced it benefited, and a portion of the sale will go toward supporting trail and conservation organizations.
